

What is Worship - Grow - Serve?

As a church family, we're convinced from the Scriptures that worship, growth, and service are the key elements of being a disciple of Jesus Christ.

Worship

Up: We praise and honor God through Jesus Christ

In: We gather with our church family to worship God.

Out: We seek to extend God's worship among all peoples for His glory.

Grow

Up: We seek to be made more like Christ, according to His gospel.

In: We grow with our church family by understanding, applying, & reproducing the gospel.

Out: We apply & reproduce the gospel among all peoples for their growth and God's glory.

Serve

Up: We do all things for the glory of God, according to His gospel.

In: We serve our church family primarily so that they can worship and grow.

Out: We serve God among all peoples for His glory.

WGS in Church Life:

This three-part approach to ministry not only guides our life in Christ, but also serves as a measure of our church's overall health. Each of us needs regular opportunities to worship, grow, and serve each week.

Worship

- Sunday Worship (10:15 AM)
- Nursery Worship (Age 0-1)
- Preschool Worship (Age 2-3)
- Kids Worship (Age 4 - 2nd Grade)

*Everyone should get to attend
3 out of 4 times per month.*

Grow

- Sunday Grow Classes (9:00AM, All Ages)
- Wednesday Grow Classes (6:30PM, All Ages)

*Everyone should get to attend
at least 1 Grow Class per week.*

Serve

We regularly, yet sustainably
serve our church family.

Primary Aim:

That our brothers and sisters in Christ
get to Worship and Grow (as listed above).

WGS in Church Ministry:
